AIPHONE JO-1MD

7" Screen

Actual Size

Screen images simulated

- **Touch Buttons**

A light touch is all that is required to control the system

- **Improved Picture Quality**

New door station camera provides clear visitor images for reliable identification

- **Elegant Styling**

Sleek design matches home or business decors

- **Cost Effective**

A quality solution at a reasonable price

- **2-Conductor Wiring**

Can be installed using existing doorbell wire

Control with Touch Buttons

Perfect for
Offices

The JO Series helps to identify visitors, colleagues, appointments, or potential threats at an entrance.

Stylish for
Homes

Security, convenience, and style all rolled into one! The contemporary design compliments today's homes.

JOS-1V Box Set

3-Way Communication

All stations can communicate simultaneously to assist visitors*

* The JO Series **does not** support internal communication. The JO-1MD and the JO-1FD can only converse together when they are both in active communication with the door station.

JO Series Components

Start with a box set

Begin by selecting a JO Series Box Set. To have a secondary station communicate and control the door station, install a JO-1FD. Each set contains a JO-1MD master station, door station, and PS-1820UL power supply. Just add wire!

JOS-1A Box Set

Includes:

- Door Station* | **JO-DA**: Video door station, plastic, surface mount
H: 5-1/16" W: 3-13/16" D: 1-3/8"
